**Tell Congress:
“Don’t duck democracy!”**

The White House is planning to use the Lame Duck session of Congress after the election this November to pass legislation to ratify the Trans-Pacific Partnership. The Lame Duck is when Congress typically sneaks through unpopular laws. It is anti-democratic.

We must create an environment that makes this impossible. That’s why we are starting now to plan the #NoLameDuck Uprising! **Sign up to be part of it and we’ll stay in touch with you about what we need to do.**
